Dear Sanjeev Shrestha,

I am applying for Junior Web Developer role as I am a passionate web developer and interested to building easy-to-use, user-friendly websites and applications.

As a passionate developer and wants to work with COTIVITI Nepal for a long time, I am so excited to see an opening for a junior web developer role. I have experience in Html, CSS, JavaScript and java. I have a experience of internship in front-end web development and I am confident the skills I have to work with the entire company to be succeed. I am sure that by joining COTIVITI Nepal company I will be the best candidate for a Junior Web Developer role.

During my internship with Dear walk institution I have gained a hands-on experience to coding on websites and different applications. I have worked on one of my Project based on web developing application which helps dear-walk institution to increase their event and I have also gained a teamwork and communication skills which helps me to better on team- based work.

Similarly, I am interested to building easy-to-use, user-friendly websites and application which I was inspired by the work that COTIVITI Nepal does and I want to bring my experience in web development my passion and to find a creative solution for the betterment of company and help COTIVITI Nepal to become success and I am so excited to be a part of COTIVITI Nepal.

Thank you for your time and consideration to review my application. I look forward for your action towards my interview. So, feel free to contact me at anytime via 9807872536 or rauniyarsanjeev742@gmail.com.

Sincerely
Sanjeev Kumar Sah
